Ders Haftalık Programı:	Pazartesi	Salı	Çarşamba	Perşembe	Cuma	Cumartesi

İşleniş Yeri:	YY	X	UE
----------------------	----	---	----

Amacı:

This is a three hour credit course that aims at acquainting students with linguistics as the science of language study, its aims, aspects and relations to other social sciences and fields. It also aims at acquainting the students with the nature of human language and its characteristics, components and functions. Special emphasis will be laid on the components of English, besides other languages when found appropriate.

Students are expected to:

- know how to define the various branches of linguistics (e.g., phonetics, phonology, morphology, syntax).
- understand and explain the basic concepts associated with the different branches of linguistics (e.g, dialect in sociolinguistics, morpheme in morphology, parts of speech in syntax), and
- understand and be able to describe the differences between the various linguistic levels.

Students are also expected to:

- be able to use language more effectively;
- learn to think more creatively and comparatively; and
- display better cross- cultural communication skills.

Materyali:
